---

## Professional Summary

Dedicated and goal-oriented Cloud DevOps Engineer with a passion for information technology, cloud engineering, and software development. Experienced in deploying and managing cloud infrastructure, automating server provisioning, and implementing CI/CD pipelines. Proficient in AWS, Terraform, Kubernetes, Docker, and Ansible.

## Work Experience

### CLOUD ENGINEERING STUDENT

ALTSCHOOL AFRICA – SCHOOL OF ENGINEERING, APRIL 2022 – JUNE 2023

#### Accomplishments

- Designed and deployed a portfolio website using HTML5, BOOTSTRAP, CSS, and JavaScript, automated using GitHub Actions.
- Collaborated with a team to create a school stat website using JavaScript, CSS, and HTML5.
- Implemented NGINX webpage deployment on AWS with EC2 instances and Application Load Balancers.
- Deployed a Laravel App on AWS using Ansible and Docker.
- Automated server provisioning and configuration using Terraform and Ansible.
- Deployed a microservices-based architecture on Kubernetes with Infrastructure as Code based on Terraform and Jenkins for CI/CD.

### VSONET GROUP I.T LEARNING AND INNOVATION CENTRE, LAGOS, NIGERIA

#### Accomplishments

- **I.T. SUPPORT STAFF AND TUTOR, FEBRUARY 2022 – JUNE 2022**
  - Increased technical support availability, reducing task execution time.
  - Developed and updated ICT/Coding course curriculum for client schools.
  - Conducted employee training on a new software product.
  - Improved equipment maintenance to enhance service quality.
- **HEAD OF OPERATIONS, APRIL 2022 – JUNE 2022**
  - Provided training to interns on software development and organizational duties.
  - Implemented cost-saving policies and introduced Google Calendar for operations management.

## Skills

- **Cloud Platforms:** AWS
- **Infrastructure as Code:** Terraform, Kubernetes
- **Configuration Management:** Ansible
- **Containerization:** Docker
- **Systems Administration:** Linux
- **Version Control and Collaboration:** GitHub | GitLab | Replit | Google Collab
- **Database Administration:** SQL, MySQL, PostgreSQL
- **Frontend:** HTML, CSS, BOOTSTRAP, JavaScript
- **Backend:** Python, JavaScript, node.js
- **Data Management:** Microsoft Office, Google Docs, Google Spreadsheets, Google Forms

## Soft Skills

- Communication and conflict-resolution
- Leadership and management
- Critical thinking
- Analytical and problem-solving
- Collaboration and teamwork
- Attention to detail
- Adaptability and flexibility

## Education

- **ALTSCHOOL AFRICA – SCHOOL OF ENGINEERING | APRIL 2022 – JUNE 2023**  
Diploma in Cloud Engineering
- **FEDERAL POLYTECHNIC NEKEDE, OWERRI | SEPTEMBER 2016 - SEPTEMBER 2018**  
Higher National Diploma in Science Technology - Chemistry/Biochemistry
- **FEDERAL POLYTECHNIC NEKEDE, OWERRI | OCTOBER 2013 - OCTOBER 2015**  
National Diploma in Science Laboratory Technology
- **WEST AFRICA SENIOR SCHOOL CERTIFICATE, 2009**
